SAND VOLLEYBALL TOURNAMENT RULES

- Maximum of six players on the court at one time. Minimum of four players on the court. Less than four players results in forfeit. Only players on the roster can play. Max of 10 players on the roster. 1/2 the players on the court must be female at all times.
- Each team member must be 16 years or older and must have signed the registration form.
- Matches are primarily self-officiated. Score **must** be voiced by the server prior to each serve. If there is a true disagreement, there should be a replay. There may be an occasional volunteer to referee and if present, they determine the calls without argument. Remember this is for competitive FUN and to be respectful & honest!
- Sets are scored by rally scoring. The brackets will be determined by the Organizer dependent on the number of teams entered.
- Each team is granted one-30 second time out per set. Substitutions do not require a time out and can occur in any dead ball situation.
- A team will forfeit the first game of the set if they do not have enough players ready for play five minutes after their scheduled start time. If a team cannot have their team assembled within 15 minutes after the scheduled starting time, all 3 sets will be forfeited.
- Home team is determined by "Rock-Paper-Scissors." Home team will serve first; the following set will then be visitor serving first. If a third set is necessary "Rock-Paper-Scissors" will determine which team chooses either first serve or side of the court.
- Maximum of 3 hits on a single volley (block does not count as a hit). If 3 hits are utilized before returning the ball over the net on a volley a female **MUST** be one of the three hits. Two consecutive hits can be by male players.
- The right back player is the service position. Players must rotate clockwise. Server may serve any place along and behind the end line. Server must state the score before serving.
- Upon completion of each set the captain of both teams should provide the final scores to the organizer.
